Canvas Reproductions

We take the image you've captured on camera - digital file - and using the very latest in photographic printing technology, transform it into a unique boxed canvas to look great in your lounge or just as much at home in your office!

Art Canvas

100% pure cotton canvas ideal for reproductions of paintings and photographs. Gives added value to artwork and images.

Canvas Wrap

Have your canvas wrapped the way you want. Full image with a black or white wrap around or a Gallery wrap, your image is wrapped around the sides.

Canvas Stretcher Bar

A solid wood stretcher bar chopped to any size required, with the options of different depths of 20mm, 30mm and 40mm.

Canvas Coating

We use ArtShield UV Gloss Lustre heat seal laminate. The result is a rich lustrous finish.

Over-painting texture varnish to replicate the brush strokes of the original painting. Gives a semi-glossy effect with a 3D texture. Best used for painting replications on canvas or bonded prints. An additional price is charged for this finish.

All Prices Include V.A.T.
